## MOVEMENT FOR HUGHES LEAPS INTO REAL BOOM

### PROGRESSIVES AWAIT ACTION OF G.O.P. DELEGATES

Bull Moose Nominations Will  
Not Be Made Until Saturday;  
Roosevelt Badges Numerous

### "OLD GUARD" HUNTING FOR GOOD HARMONIZER

Want Candidate Who Will Get  
Party Factions Together and  
Heal Wound of 1912; Situation  
Favors Hughes

(Associated Press by Federal Wireless)  
CHICAGO, Ill., June 5.—With  
Chicago filling up rapidly with  
delegates and thousands more com-  
ing by every train to attend the two  
great national conventions, it is ap-  
parent today that the movement to  
nominate Justice C. E. Hughes for  
president is assuming the propor-  
tions of a real boom.

The Progressive national com-  
mittee in consultation with leaders of  
the committee on arrangements has  
decided to withhold the nomination  
of the Bull Moose convention until  
next Saturday, awaiting the action  
of the Republicans. If the Republi-  
cans nominate a candidate favored  
by the Progressives, the latter will  
ratify the nominations.

Members of both conventions are  
arriving, the Progressives wearing  
Roosevelt badges.

Delegations from several states  
are bringing evidence that the  
Hughes sentiment is strong. Some  
of the "old guard" have already  
declared that as many delegates are  
instructed for Hughes and as others  
favor him, the boom is getting to  
be a substantial one. Many dele-  
gations are declared ready to turn  
their votes to Hughes after the  
first ballot.

Those members of the "old  
guard" who are favorable to  
Hughes at this stage of convention  
week say that their attitude is tak-  
en because the delegates believe the  
supreme court justice is a "harmon-  
izer" and will bring back to the  
Republican fold the strength lost in  
1912 when Roosevelt left the forces  
out of the convention and into the  
Progressive party.

Explanations are sought of the  
failure of sentiment for Roosevelt  
to crystallize into concrete propor-  
tions.

### SMALLER SALES THAN IN RECENT PAST REPORTED

Mineral Products was the one strik-  
ing feature of the stock market in the  
early trading and up to the time of the  
session. Bidders were offering  
\$11.12 1/2 and orders were being placed  
with various brokers to bid as high as  
\$1.15.

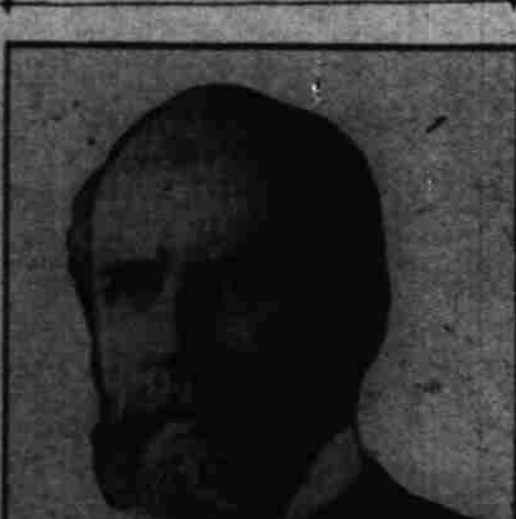

Sugars were generally inactive and  
the usual Monday morning tendency of  
"wait till the session" was in evidence.  
It was the fullest day, except in un-  
related securities, that the exchange  
has known in several weeks past.  
Total sales between boards were re-  
ported as only 120 shares and at the  
session 340, making in all only 510  
shares.

McBryde sold at \$14.125 but at the  
session rose again to \$14.25; Olan was  
\$23.25; Waiolu 37 and Pioneer \$54.50.  
San Carlos sold at \$16. Dividends pay-  
able today were Hawaiian Commercial  
and Sugar, \$1.25; Honoum, \$1.50; Hut-  
chinson 50 cents and Paauhau 50  
cents.

### WILSON GIVES DIPLOMAS TO ANNAPOLIS "GRADS"

(Associated Press by Federal Wireless)  
ANNAPOLIS, Md., June 5.—Presi-  
dent Wilson gave out 178 diplomas to  
the graduating class of the naval  
academy.

### JUSTICE IS SILENT BUT BOOM GROWS ON

Justice Charles E. Hughes

### LACK OF CASH PLAYED HAVOC IN ONE COURT

Slump in Work of Criminal Di-  
vision to Be Shown in Re-  
port to Governor

Havoc wrought on the business of  
the criminal division of the local cir-  
cuit court owing to the lack during the  
last four months of funds with which  
to conduct jury trials and grand jury  
investigations, will be pointed out in a  
report now being prepared in Circuit  
Judge Ashford's court covering the  
work of that division for the fiscal  
year ending on June 30.

Among other things, this report,  
which is to be presented to the gov-  
ernor on June 30, will show that dur-  
ing the present year a small number  
of cases has been disposed of as  
against the number handled last year.  
It will also show that, at the end of  
the present fiscal year, there will be a  
greater number of cases pending and  
undisposed of than at the close of the  
fiscal year ending June 30, 1915.

This year, through the lack of funds,  
the criminal court, as well as the two  
other divisions, has been unable to  
try any jury cases during March, April,  
May and June. Criminal cases now  
pending number approximately 50, but  
it was pointed out today that this is  
no criterion for the reason that a large  
number of cases due to be investigated  
by the grand jury are now waiting dis-  
posal owing to the lack of funds to  
call the inquests into session.

It was stated today that had funds  
been available for juries, the criminal  
cases now pending undoubtedly would  
have been disposed of, and probably  
several more cases. In the past the  
criminal division has been able to dis-  
pose of between 30 and 40 cases a  
month.

Although funds may be available by  
July 1, there probably will be no jury  
trials in circuit court until after Sep-  
tember 1, according to a statement  
made by Circuit Judge T. B. Stuart  
prior to his recent departure for the  
mainland.

### MALAY RUBBER OUTPUT GROWS

The Waterhouse Company has re-  
ceived from the Malaysian rubber  
plantations, for which it has the  
agency, the following statement of  
output:  
Tanjong Olok.  
May output, 25,500 pounds.  
January to May, this year, 103,291  
pounds.  
Corresponding period last year, 92,  
892.  
Pahang.  
May output, 19,500 pounds.  
January to May, this year, 109,490.  
Corresponding period last year, 94,  
094.  
The Waterhouse Company also has  
advised that the Singapore price of  
rubber is 59 cents a pound.

### RUMOR OCEANIC IS YIELDING TO WAGE DEMANDS

San Francisco Despatch Says  
Steamship Line May  
Have Acceded

### REPORTS ON LOCAL "FRONT" ARE DENIED

Stories of Japanese Refusal to  
Join Move, and of 10 Cent  
Raise, Unconfirmed

(Associated Press by Federal Wireless)  
SAN FRANCISCO, Cal., June 5.—  
It is rumored early this afternoon that  
the Oceanic Steamship Company has  
acceded to the demands of the strik-  
ing longshoremen and waterfront  
workers.

President Foley of the International  
Longshoremen's Union denied today  
the rumor that a meeting has been ar-  
ranged between shipowners and the  
executive council of the longshore-  
men's organizations.

A rumor, entirely unconfirmed and  
bearing some resemblance to it is lit-  
tle more than a rumor, developed yester-  
day in Honolulu's waterfront cir-  
cles.

It is that last Saturday a meeting of  
stevedores of all nationalities except-  
ing Japanese was held and that the  
meeting decided to agitate for higher  
wages provided the Japanese could be  
induced to join the movement. Then,  
the rumor continued, representatives  
of the stevedores were sent to Japanese  
stevedores Saturday afternoon and  
the Japanese were asked to join. The  
request is said to have been met with  
a refusal, the Japanese declining to  
enter into any combination at this  
time.

The rumor came from Japanese wa-  
terfronters, and was accompanied by  
another report that this morning the  
wages of the Japanese stevedores  
were raised 10 cents per day, making  
a daily wage of \$1.45 per day.

Both stories were denied absolutely  
and in toto at the office of McCabe,  
Hamilton & Renny Company, steve-  
doring firm. At this office, where any  
news of the kind should certainly be  
known, the story was said to have no  
foundation whatever so far as had  
been heard.

That such rumors may be started  
for the purposes of wage agitation is  
the belief in some waterfront quar-  
ters.

### COL. STURGIS AMONG THOSE ON SHERIDAN

(Special Star-Bulletin Correspondence)  
SCHOFIELD BARRACKS, June 5.—  
Among those leaving on the transport  
last night was Col. S. D. Sturgis, who  
has been in command of the 1st Field  
Artillery for the past three years. Col.  
Lucian G. Berry had been ordered to  
Honolulu to take command of this reg-  
iment, but owing to the fact that he  
is on duty with the troops in Mexico,  
the date of his arrival has been indefi-  
nitely postponed, so that the command  
of the regiment has devolved upon  
Lieut.-col. John E. McMahon, who for  
three years has been the senior lieuten-  
ant-colonel of field artillery.

As Lieut.-col. McMahon will be one  
of the first to receive the eagle on the  
expected army increase, it is probable  
that he will remain here in command  
and that Col. Berry's orders will be  
revoked.

Col. Sturgis carries with him the  
best wishes of his many friends both  
at Schofield and in Honolulu. He is  
turning over a regiment of whose effi-  
ciency he can well be proud. He has  
not yet received his new assignment.

A German scientist has demon-  
strated that radium has a marked effect  
on woody plants, even forcing them to  
bud in dormant seasons.  
The Chinese custom of burning  
small pieces of gold leaf on various  
anniversaries sacrifices several mil-  
lion dollars' worth of the metal an-  
nually.

An advance of 10 per cent in wages  
has been granted the station employes  
of the Atchafon, Topoka & Santa Fe  
railroad.  
Vernon G. Green of Shearson, a  
Quaker, who claims to be a descendant  
of William Penn, was refused ex-  
emption from military service in the  
British army.

### Many 'Quakes On Big Island, Wood Reports

(Star-Bulletin Special by Mutual Wireless)  
+ + + + +  
+ Hilo, Hawaii, June 5.—Many  
earthquakes are being recorded  
+ at the Volcano Observatory. H.  
+ O. Wood, Prof. Jagger's associate  
+ observer, describes them as "a  
+ flock."  
+ Kilauea's crater is very active  
+ now.  
+ Smoke has been seen coming  
+ from Mokuaweoweo at the top of  
+ Mauna Oia.

### 25 ARE KILLED AS TRAIN GOES THROUGH BRIDGE

ad Accident on Rock Island  
Line Caused By Weakened  
Structure

(Associated Press by Federal Wireless)  
DES MOINES, Ia., June 5.—One of  
the worst railroad accidents in this  
vicinity in some years occurred when  
a Rock Island passenger train, going  
at high speed, crashed through a  
bridge over a stream near Packard.  
The stream had been swollen by  
floods into a river, weakening the  
bridge supports. It is estimated that  
25 people lost their lives in the dis-  
aster and several coaches were hurled  
off the broken track. Six bodies  
were found within a few hours after  
the accident occurred, but the search  
is progressing slowly as one of the  
coaches is submerged and it is almost  
impossible to get into it.

### CAPT. COWAN IS NOW ORDERED TO PHILIPPINE IS.

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., June 5.—  
Capt. Arthur S. Cowan of the Signal  
Corps has been transferred to the  
Philippines.

Capt. Cowan's name figured repeat-  
edly in the news of the investigation  
of the Signal Corps aviation school  
at San Diego and after the investi-  
gation was concluded news was sent  
from Washington that a number of  
officers connected with the flying  
corps were to be disciplined.

### HEAVY FLOODS HIT RAILROAD LINES IN IOWA

(Associated Press by Federal Wireless)  
DUBUQUE, Ia., June 5.—Heavy  
floods in Iowa have caused huge dam-  
age to the railway systems.  
The Chicago, Milwaukee & St.  
Paul line has suffered \$1,000,000 dam-  
age by flood in the vicinity of Mc-  
Gregory, and the Burlington's losses  
are also heavy. On both roads many  
bridges have been washed out.

### SEAT BRANDEIS AFTER STRUGGLE

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., June 5.—  
Louis D. Brandeis, whose nomination  
as associate justice of the supreme  
court was confirmed by the senate  
last week after a spectacular fight on  
the judiciary committee, took his seat  
on the supreme bench today.

### WAS PRISONER, NOW HEADS BIG KOREAN Y. M. C. A.

Yun Chih-ko, Once Jailed for Al-  
leged Conspiracy, Now  
General Secretary

(By Associated Press)  
SEOUL, Korea.—Yun Chih-ko, once  
sentenced to prison as the leader of  
the alleged conspiracy against the life  
of Count Terachi, the governor-gen-  
eral, has been appointed general se-  
cretary of the Young Men's Christian  
Association of Korea, succeeding  
Fletcher Brookman, who has become  
honorary general secretary.  
While a leader in Christian mission-  
ary work, Yun Chih-ko and five others  
were convicted of the famous con-  
spiracy and sent to prison for a six-  
year term. Yun Chih-ko was pardoned  
last year at the request of Count Ter-  
achi, who believed that the plot was  
due not to private motives but to a  
mistaken belief by the Koreans that  
they were acting in their country's in-  
terests.

The press of Seoul welcome's Yun  
Chih-ko's reappearance in public life.  
"One of the best educated men in this  
country, enjoying as he does a world-  
wide fame, possessing great influence  
among Koreans and highly respected  
by foreigners and Japanese," one of  
the newspapers says. "Mr. Yun is the  
most fitted for the important post he  
has just occupied. We are sure that  
under his management the Y. M. C. A.  
will enter a new life of activity and  
prosperity, gain in influence, and do  
a great deal more good to many a  
young man of Korea."

### DECLARES UNPREPARED CONDITION OF NATION LIKE THAT OF CHINA

That there are only two large coun-  
tries in the world that are not orga-  
nized, and that one of these is China  
and the other the United States, is  
the statement credited to Maj.-gen.  
Leonard Wood, U. S. A., in army pub-  
lications. Gen. Wood was speaking  
before students of Columbia Univer-  
sity and urging on them the need of  
military training.

"We need, first of all, a big navy,"  
said the general, "since it must be  
the first line of defense, and a navy  
that will be ready not next month or  
next week, but every hour of every  
day. We need a reasonably big regu-  
lar army, big enough to garrison our  
overseas possessions and supply an  
ample force at home. We need a  
National Guard, not a guard under  
state control. It seems to me that  
the time is past for states to be jeal-  
ous of national control of soldiers. I  
know from personal experience that  
90 per cent of the militia want national  
control."

"These training camps, such as  
Plattsburg, are first steps in broaden-  
ing our national training. But they  
will accomplish more. They make for  
a solidarity of citizenship. We all  
know that the melting pot theory isn't  
working out in this country, but such  
training as Plattsburg affords to Jew  
and Gentile, Protestant and Catholic,  
rich and poor, all on the same level,  
will make for true solidarity."

## BERLIN DECLARES JELICO'S MOST POWERFUL SHIPS WERE ENGAGED IN COLOSSAL FIGHT

### British Estimate of 18 German Vessels to 14 British is Accepted in London— Fighting on West Front Still Terrific

(Associated Press Service by Federal Wireless)  
LONDON, Eng., June 5.—That the powerful fighting-ship Gen.  
von Hindenburg, believed to be Germany's latest and greatest dread-  
nought, has been sunk as a result of the naval battle off Jutland, is the  
news brought to England by naval officers returning from the engage-  
ment.

These officers identify the two large German warships which were  
said to be destroyed but whose names were not definitely known, as the  
von Hindenburg and the battle-cruiser Lutzow.

Despatches from Denmark today report that the battle-cruiser Seydlitz  
was badly damaged in the fight and was pursued by British vessels  
south of Jutland the morning after the affray.

The British admiralty this morning issued a statement that the British  
loss in officers was 333.

The British estimate of 18 German vessels lost to 14 lost by the  
British is accepted as correct by the majority of the public. On this  
basis a complete British victory is claimed.

COPENHAGEN, Denmark, June 5.—A despatch received here  
says that it is believed the German battle-cruiser Seydlitz, crippled  
in the North Sea fight, has been sunk.

### Big British Cruiser Burned Out, English Losses Heavy, Says Germany

BERLIN, Germany, June 5.—The British armored cruiser Euryalus  
was set on fire and completely burned out by the German gunners  
in the North Sea battle. The Euryalus was of 12,000 tons, built in  
1901, and a sister ship of the Hogue and Cressy, torpedoed by a Ger-  
man submarine soon after the war started.

An authoritative German account of the great battle says that 26  
of Admiral Jellicoe's most powerful ships were engaged in the fight in  
all except the first stages. Early in the battle a smaller force of British  
was engaged but the large vessels kept arriving in greater numbers until  
the most powerful fleet ever assembled in actual battle was taking part  
in the furious exchange of cannon-shot.

### Germany Officially Tells Of Battle

The following cablegram from official  
German sources has been received  
by the Star-Bulletin:

"German Admiralty report, June 3:  
In order to prevent fabulous tales, it  
is stated again that in the battle of  
Skagerrak on May 31, German high sea  
fleet forced the combat with the whole  
modern British fleet. Following de-  
tails to be added to those already pub-  
lished:  
According to British admiralty re-  
ports that the battle cruiser Invincible  
and armored cruiser Warrior were de-  
stroyed. German small cruiser Ebling,  
which had been severely damaged by  
collision with another German man-of-  
war during the night of May 31, was  
blown up since it couldn't be brought  
back. German torpedo boat rescued  
the crew, with the exception of the  
commanding officers and 18 sailors,  
who remained on board in order to  
carry out explosion. According to  
Dutch reports, these were brought to  
Ymuiden on board the trawler Rag.

BERLIN, Germany, June 5.—  
Repeated attacks of French infantry  
east of the Meuse were repulsed  
by the Germans today, the  
French suffering very large losses.  
Fighting near Caillette continues at  
a sharp pace.

### RUSSIANS SLASH AWAY

PETROGRAD, Russia, June 5.  
—Official announcements tell of a  
series of important Russian suc-  
cesses on the eastern line from the  
Pripiat marshes to the Rumanian  
frontier. The number of German  
and Austrian prisoners taken al-  
ready amounts to 13,000.

### TILLMAN WANTS BIGGER VESSELS FOR U. S. NAVY

WASHINGTON, D. C., June 5.—  
Senator Tillman of South Carolina  
has announced that he will lead a  
fight to change the naval appropria-  
tion bill so that it will provide six  
battle-cruisers and two dreadnoughts.
